The following is our cost to modify the bottom of the rail at the center stair as requested by the architect.

Subcontractor	\$1,765
GC	\$ 177
Bond	\$ 29
Total	\$1,971

Sincerely,

Joseph D. Aresco  
President

December 11, 2014

To Aresco Construction Company

175 North Main Street

Middletown, Connecticut 06457

I would like to propose the following cost to rework and adjust the existing center stair wood handrail at the Middletown Community / Senior Center with new volutes.

\$ 1,765.00 time and materials

This work will involve removing the existing wood handrails from the landing down, making new templates for the new rail volutes, shop work sculpting and shaping the new volutes to the templates, pre fitting the new volutes to the existing railing for final adjusting and finishing, final adjustments and shop finishing, and final installation.

Thank you,

Robert Fischer
