All bids received by the time set for receipt will be opened by the Supervisor of Purchases and read publicly at the exact time set for receipt irrespective of any irregularities therein. Bidders and or their representative and any interested public may be present.

2. Printed Form for Proposals - All proposals must be made upon the blank proposal form as attached hereto; should give price both in words and figures; must be signed and acknowledged by the bidder where indicated on the proposal form; submitted in a sealed envelope using the bid return label provided.

3. Omissions and Discrepancies - Should a bidder find discrepancies or omissions from the Contract Documents or should he doubt their meaning, he should immediately notify the Supervisor of Purchases who may send written instructions to all bidders. **Bidder must type or use black pen at all times.**

4. Acceptance or Rejection of Proposals - The City reserves the right to accept or reject any or all proposals. Without limiting the generality of the foregoing, any proposal which omits a bid on any one or more items on the price sheet may be rejected; any proposal containing changes or modifications to the price sheet may be rejected; any proposal in which unit prices are omitted or in which unit prices are obviously unbalanced may be rejected.

5. Acceptance of Proposals and the Effect - Within thirty (30) calendar days after the opening of the bids, the City will act upon them. The acceptance of a proposal will be either a notice of award, in writing, or an acceptance letter from the Supervisor of Purchases, and no other act shall constitute the acceptance of a proposal.

The acceptance of a proposal shall bind the successful bidder to execute the contract within the time and manner as set forth within these contract documents making him responsible and liable for failure to execute as prescribed.

6. Time for Executing Contract and Damages for Failure to Execute - Any bidder whose proposal shall be accepted will be required to appear at the office, where directed to appear in the Notice of Award, in person, or a duly authorized representative of a firm or corporation, to execute the contract within ten (10) days, including Saturdays and Sundays, of the date of mailing of a notice, stating that the award has been made to him or his firm. Failure or neglect to do so shall constitute a breach of contract for which the City may cancel the notice of award, award the bid to someone else, or rebid

the entire project as well as sue for damages.

Damages for such a breach of contract will include but not be limited to the loss of any awarding of work to him and other items whose accurate amount will be difficult or impossible to compute, and all other damages recoverable at law and in equity.

7. Determination of Lowest Responsible Bidder/Award - Except where the Owner exercises the right herein to reject any or all proposals, the contract will be awarded by the owner to the "Lowest Responsible Bidder", as determined under the factors to be considered under section 78-8, as amended, of the Middletown Code of Ordinances.

It is the intent of the City to award the contract for the **Base Bid (Items #1 – 347)** on a **unit price** basis to the lowest responsible bidder(s) submitting the lowest unit cost to furnish the equipment with or without operator(s) complying with these specifications providing sufficient funds are available to award the contract. However, the City of Middletown shall reserve the right to make **awards** based upon **whatever is in the best interest of the City.**

For specific "projects", it is the intent that **one contractor** will supply all of the labor and equipment on each "project". A "project" is defined as work performed at one specific location. The low bidder on a "project" will be decided by itemizing the labor and equipment required for the "project", and multiplying each item by the estimated hours needed to complete the "project". The City of Middletown shall reserve the right to make awards based upon whatever is in the **best interest** of the City.

If a piece of **auxiliary equipment** is needed, (**Bid Items #344-347**), but has not been bid by the apparent low bidder for the specific project, then an agreed upon rental price for that piece of equipment will be used, with a 10% markup.

It is the intent of the City to award one contract in the **aggregate** for the **Alternate Bid #1 Items #348 - 352** and one contract in the aggregate for the **Alternate Bid #2 Items #353 - 357** to the lowest responsible bidder submitting the lowest cost to furnish the equipment with operator complying with these specifications and as funding permits. Bidders are advised that the alternate bid will be evaluated and awarded independently of the base bid.

8. Partial Bids - Bidders may submit a bid on the alternate bid items and or any one combination of items for the base bid. For the alternate bid, bidders must submit a bid on **all listed items**. Partial bids **will not** be accepted for the alternate bids.

9. Contract Term - The contract term shall

commence on or after **March 1, 2010 and terminate February 29, 2012** for a contract term of twenty-four (24) months.

10. Prices - In the event of discrepancy between the prices quoted in the proposal in words and those in figures, the words shall control. The prices are to include the furnishing of all labor, equipment, fuel, oil and incidentals necessary to comply with the City's requirements. The unit prices for equipment rental shall be fixed for the duration of the contract.

11. Interpretations and Addenda - No oral interpretations shall be made to any bidder as to the meaning of any of the Contract Documents or to be effective to modify any of the provisions of the Contract Documents. Every request for an interpretation shall be made in writing, addressed and forwarded to the Supervisor of Purchases, Municipal Building, P.O. Box 1300, Middletown, Connecticut, 06457. **Questions may be sent via facsimile to (860) 344-3561.**

To receive consideration, such questions shall be submitted in writing at least seven days before the established date for receipt of bids. If the question involves the equality or use of products or methods, it must be accompanied by drawings, specifications or other data in sufficient detail to enable the Supervisor of Purchases to determine the equality or suitability of the product or method. In general, the Supervisor of Purchases will neither approve nor disapprove particular products prior to the opening of the bids; such products will be considered when offered by the bidder for incorporation into the work.

The Supervisor of Purchases will arrange as Addenda, which shall become a part of the contract, all questions received as above provided and the decision regarding each. At least five days prior to the receipt of bids, the Purchasing Agent will send a copy of these Addenda to each of those who have taken out the contract documents.

Non-receipt of said addenda shall not excuse compliance with said addenda. **It is the responsibility of each bidder to determine whether any addenda have been issued and if so whether he/she has received a copy of each. Addendas will be posted on the web site listed previously.**

No alleged "verbal interpretation" shall be held valid. All addenda issued during the bidding period shall supersede previous information.

12. Termination of Agreement - The City reserves the right, if it determines it to be in the best interests of the City to do so, to terminate this Agreement at the end of any full month. If the City exercises this right, it shall terminate this Agreement by giving five days advance written notice to the bidder of such termination in the month in which the termination is to take effect, and in such event, the bidder shall be compensated at the bid

unit prices for only those services provided up to the end of that month, at which time this contract shall terminate.

13. Insurance - The selected bidder shall be required to provide a Certificate of Insurance as specified in the attachment "Insurance Requirements". The bidder shall be required to provide evidence of such insurance coverage to the Supervisor of Purchases within ten (10) days from receipt of the Notice of Award. Evidence of such insurance coverage and City approval shall be required for the faithful execution of the contract document.

Auxiliary equipment shall be available for use within **twenty-four(24)** hours from notification.

Alternate bid items shall be available for use within **seventy-two(72)** hours from notification.

C. Failure to provide said rental equipment within the specified time shall constitute default on delivery and breach of contract and the Owner may then authorize procurement of such equipment/material from the most expeditious alternate source available to them.

D. All excess expenses charged for alternate procurement of defaulted delivery under this contract shall be deducted from monies due the successful bidder on this contract. If no monies are due, then the bidder shall pay to the Owner the difference between the contract price and what the Owner must pay to obtain the item from said alternate source.

15. Indemnification - The successful bidder agrees to indemnify and hold harmless the Owner, its officers, agents, servants and employees against any and all liability, judgments, cost, expenses and other loss, including attorney's fees, and against all claims or actions including but not limited to those based upon or arising out of damage or injury (including death) to persons or property caused by or sustained in connection with any act or omission of the Successful Bidder, its officers, agents, servants and employees in the performance or lack of performance of the services under this contract.

16. Payment Terms - Payment discounts for early payment are preferred. All others shall be net 30 days unless specified otherwise. The bidder shall provide an itemized invoice on a monthly basis to each participating department director. The invoice shall include the quantity, equipment description and hourly rate charged. If the City chooses to utilize other sources of materials and/or services, this shall not act to negate or void the contract; nor shall employment of such materials or services be used as a basis for the successful bidder to abandon his responsibilities or to claim damages as set forth within the Contract Documents.

21. Alternate Departments - All bidders are hereby advised that listed rental equipment may also be utilized by various City departments to include but not limited to, the Parks and Recreation, Public Works and Water and Sewer Departments, respectively. GENERAL CONDITIONS

Article 1. Indemnification:

To the fullest extent permitted by law, the contractor agrees to indemnify and hold harmless the City of Middletown, its officers, agents, servants and employees against any and all liability, judgements, costs expenses, attorney's fees and other loss, and against all claims or actions based upon or arising out of damage or injury (including death) to persons or property caused by or sustained in connection with any act or omission of the contractor in the performance or lack of performance of the services required under this contract.

Article 2. Contractor's Claim for Damage:

If the contractor claims compensation for any damage alleged to have been sustained by reason of any negligent act or omission of the owner or any of his agents, he shall within one week after the sustaining of such damage, submit a written statement to the City of Middletown of the nature of the damage sustained, file with the City of Middletown an itemized statement of the details and amounts of such damage; and unless such statement shall be made as required his claim for compensation shall be forfeited and invalid, and he shall not be entitled to payment on account of any such damage. Even if properly presented, the City may reject any claim not considered valid.

Article 3. Conditions Under Which the Owner May Complete:

If the work to be done under this contract shall be abandoned, or if this contract, or any part thereof, shall be sublet without the previous written consent of the City of Middletown, or if the contract or any claim thereunder shall be assigned by the contractor otherwise than as herein specified, or if at any time the City of Middletown shall be of the opinion that the conditions herein specified as to the rate of progress are not fulfilled, or that the work or any part thereof is unnecessarily or unreasonably delayed, or that the contractor has violated any of the provisions of this contract or that the work is not being done in an acceptable workmanlike manner as determined by the City of Middletown, the City of Middletown may notify the contractor to discontinue all work or such part thereof as the owner may designate; and thereupon, by contract or otherwise, as they may determine, complete the work or such part thereof, and charge the expense thereof to the contractor, and may take possession of and use, or cause to be used, in the completion of the work, any of such materials, machinery, implements, and tools or every description as may be found upon the line of said work.

The City of Middletown may, instead of notifying the contractor to discontinue all work or such part thereof, notify him, from time to time, to increase the force employed on the whole or any part of the work, stating the amount of such increase required, and unless he shall, within ten days after such notice, increase his force to the extent required therein, and maintain such increased force from day to day until the completion of the work or such part thereof, or until the conditions as to the rate of progress may employ and direct the labors of such additional force as may, in the opinion of the City of Middletown be necessary to insure the completion of the work or such part thereof to the contractor. Neither the notice from the City of Middletown to the contractor to increase his force nor the employment of additional force by the City of Middletown, shall be held to prevent a subsequent notice of the City of Middletown to him to discontinue work under the provisions of the proceeding portion of the Article.

Article 4. Payments:

The contractor shall each month submit, in writing, a statement of the amount of work performed during that period to the Department of Finance for payment. At the option of the City payments may be made more frequently. All prior payments are subject to corrections, and adjustments made for such corrections may be done within the current payment period.

Article 5. Last Payment to Terminate Liability to the Owner.

Neither the City or any of its agents shall be liable for or be held responsible to pay any monies, except those as provided within the contract documents. Acceptance by the contractor of any payment shall release the City or its agents from any and all claims and liabilities of the contractor for any act or neglect of the City or its agents relating to or affecting the work during that period covering the payment.

Article 6. The Contract Sum:

The contract sum specified in the contract documents under the applicable items includes all state and local sales, use occupations cross receipts and other similar taxes and license fees, all of which are to be paid by the contractor. Said contract sum also includes, and the contractor shall pay, the contributions measured by wages of his employees and wages of any subcontractor's employees, required by the Social Security Act and the Public Laws of the State in which the work is done and shall accept exclusive liability for said contributions. The contractor further shall indemnify and hold harmless the City, its officers, agents, servants and employees on account of any contributions measured by the wages as aforesaid of employees of the contractor and his subcontractor assessed against the City under authority of said Act and Public Laws of the State.

Article 7. Presidential Executive Order 11246:

This contract is subject to the provisions of Presidential Executive Order 11246 of President Lyndon B. Johnson promulgated September 24, 1965 as amended by Presidential Executive Order 14275 of President Lyndon B. Johnson promulgated October 13, 1967, which is incorporated by reference within the Affirmative Action Plan of the City of Middletown adopted by the Common Council on January 5, 1976; and, as such, this contract may be canceled, terminated or suspended by the Mayor of the City of Middletown for violation of or noncompliance with said Executive Order 11246, or any municipal, state, or federal law concerning nondiscrimination. The parties to this contract, as part of the consideration hereof, agree that the Presidential Executive Order 11246 is incorporated herein by reference and made a part hereof. The parties agree to abide by said Executive Order and agree that the Mayor of the City of Middletown or the Mayor's designee, shall have continuing jurisdiction in respect to contract performance in regard to nondiscrimination until the contract is completed or terminated prior to completion.

Article 8. Changes in the work:

No changes in the work covered by the approved Contract Documents shall be made without having prior written approval of the Owner, by a work order.

Article 9. Connecticut General Statutes Section 31-286a, as amended:

All bidders are required to conform to the requirements of Connecticut General Statutes Section 31-286a, as amended, concerning Workers Compensation Insurance for Contractors on Public Works projects.
